The Red Panda

Found in China or the Himalayas, red pandas grow to the size of a fox. Their tails grow to around 18 inches and they can be omnivores, carnivores

how well do you know the school gems quiz?

As you know, the 14th of February is 'Valentine's day'. The reason it is called that is because a man called Valentiene sent a letter to a woman ending with 'from your Valentiene'. The first Valentiene's day was in 496, and it was originally a feast day!!!

Coronavirus and why NOT to be scared of it!

The coronavirus isn't anything to worry about because it's just simply a virus. And here's how to avoid that!

- 1) Wash your hands
- 2) Use hand sanitizer a lot
- 3) Don't touch your face unless your hands are clean
- 4) Stay home when sick
- 5) Cough onto elbow
- 6) New tissues after coughing into
- 7) Disinfect yourself with
- 8) Drink lots of fluids

remember, it's very rare for a child to get it. Don't Panic!

SPHINX

The sphinx is half cat, half human. It's a mythical creature whose head is a woman and whose body is a cat. This is built and standing in Egypt because Egyptians used to worship cat; they saw them as godly animals.

TOP 3

1. The first ever computer was made in 1940
2. Bees can sometimes sting other bees
3. The most visited country is France

Dates for your Diary
